

CONSTRUCTION CONSULTING SERVICES

BUILDING SUCCESS

The construction industry is unique with its complex revenue recognition rules and job cost accounting methods. You want to be sure you have an experienced team of professionals equipped with the Certified Construction Industry Financial Professional (CCIFP) designation to assist you with the specific needs and requirements when operating a construction business.

Our team can also coordinate projects with your bank, attorney, software vendors, and bonding agent.

We offer sound advice and financial guidance to improve your business and your bottom line!

- Business Startup
- Tax Planning and Preparation
- Operational and Financial Issues
- Strategic Planning
- Bookkeeping and Payroll Assistance and Training
- Technology Consulting and Assistance
- Human Resources/Placement Assistance
- Accounting Software Setup and Conversion Assistance
